Dear Mr. Beck,

Please read my communication and get all the data on my website

If my website is not there as I owe \$8.99 to Godaddy, they are going to shut it down by the 6th of August, I won't know as I'm waiting for money to come in from a stock agency to handle that, it might not be there, due to the timeframe. I don't know.

But in that event, I've mirrored it on my personal website.

I tweeted http://www.scientologyforyou.info/Kathy_Gold_and_The_LAPD.html this page to our new mayor. If you guys want to move forward, let me know.

Thank You,
Kathy Gold
